**ITC MILLWORK TO PROVIDE TRIM AND DOOR PACKAGE
FOR THE “PATRIOT HOUSE,”
A CHARITABLE CUSTOM HOME BUILD IN NORTH CAROLINA**

PROJECT BENEFITS FAMILIES OF FALLEN AND DISABLED SOLDIERS

(CHARLOTTE, NC - MAY 25, 2018) – ITC Millwork the Carolina’s leading millwork manufacturer and distributor announces its support of the “Patriot House,” a charitable custom home project led by Huntley Design Build, Inc. based in Pinehurst, N.C. Once complete, the newly constructed home will be sold to the public with 100% of the proceeds of the sale donated to The Patriot Foundation, a nonprofit organization that supports families of servicemen and women killed and injured in the Global War on Terrorism.

ITC Millwork supplied the interior trim finishes for the “Patriot House” including Masonite® doors & Koetter® interior trim selections. Multiple architectural details can be found throughout the house including wainscot panels, ceiling beams, & shiplap materials just to name a few. “The quality of the architectural millwork products will last for years to come with an architectural style that is enduring” observed Ben Mendoza with ITC Millwork, who partnered with Will Huntley during the design process. “Will’s eye for detail and commitment to quality trim & doors is evident on every project he’s involved with, and that certainly continues with the Patriot House project.”

“Upon hearing that Will was involved in this project, it was pretty much a sure thing that I would want ITC Millwork to be involved. Each one of us owes our freedom to those who have paid the ultimate sacrifice. While this gesture cannot begin to repay all of those whose lives were given, it is a small way we can try to show our gratitude.” said Shane Higginbotham, Chief Operating Officer for ITC Millwork. “We are honored to participate in such a worthy cause.”

LUXURY HOME SITE

Located in Ballybunion Park, a new home community directly at the Jack Nicklaus Pinehurst Golf Resort, this 3,200 square-foot cottage home will overlook the 14th hole of the famed No. 9 course. Valued at approximately \$700,000, its purchase will include a Pinehurst Country Club Full No. 7 and No. 9 golf membership, which allows access to nine courses and all other amenities the world-renowned resort offers. The first year's dues also have been waived.

According to Will Huntley, President of Huntley Design Build, Inc., specifications for the Ballybunion Park community include ITC Millwork supplied trim and doors as standard. "We have found their knowledge, personnel, product offering, and attention to detail to be among the best in the industry," said Huntley.

PROCEEDS TO BENEFIT A CHILD'S FUTURE

The Patriot Foundation, beneficiary of the Patriot House project, provides scholarship funding for children of killed, wounded or injured soldiers from Fort Bragg, N.C., Fort Campbell, Ky., and Fort Carson, Colo. It also provides some childcare funding for the families of fallen and disabled soldiers whose surviving spouses need to obtain additional job training and development. Since it was established in 2003, the all-volunteer foundation has raised \$4.5 million, including the distribution of more than 1,400 college scholarships.

This unique Patriot House fundraising project will help the organization provide some 100 more scholarships to military families in need, according to Patriot Foundation President and Chairman Chuck Deleot.

A groundbreaking ceremony for The Patriot House took place in early November 2017 with members of the Patriot Foundation present. The house is expected to be completed by August 2018. Interested parties may contact Huntley Design Build, Inc. directly at (910) 684-8149.
